

## Sunny's Market

### Visiting the Children's Museum

#### ***Before Your Visit:***

Children will be able to classify groceries into categories such as, vegetables, fruits and breakfast foods. See Sunny's Market: Sorting Worksheet.

#### ***During Your Visit:***

The student will be able to purchase items that fall within a \$10 budget at our Sunny's Market exhibit.

#### ***Procedure:***

Students will take their cart and fill it with a variety of items estimating their total value. They should try not to go over their \$10 budget. When they are finished shopping they will proceed to check out and enter their items in the cash register getting the actual total of the purchase.

#### ***Post Museum Activity:***

The teacher may discuss with students who in their household uses a budget when they go shopping.
